SKILLSTORM WINS BEST PLACES TO WORK IN SOUTH FLORIDA AWARD FOR SECOND YEAR IN A ROW

Fort Lauderdale, Florida (March 2, 2009) – SkillStorm, the industry’s fastest-growing staff augmentation and outsourcing company providing project management, engineering and Information Technology solutions, has been named one of South Florida’s “Best Places to Work” by the *South Florida Business Journal*. This award, bestowed upon SkillStorm for two consecutive years, recognizes the company’s achievements in creating a positive work environment that attracts and retains employees through a combination of employee satisfaction, working conditions and company culture.

“We are elated to have won the Best Places to Work in South Florida award for the second year in a row,” said SkillStorm CEO Vince Virga. “At SkillStorm, we believe that our employees are our most valuable asset, so we want to do everything we can to reward them. We work hard and play hard and want to ensure everyone also has fun together outside of the office – from go-kart racing to attending a hockey game.”

Companies were evaluated on the results of employee satisfaction surveys. SkillStorm offers amazing incentives that keep employees motivated and eager to contribute to the company’s growth and success, including vacations to Cabo San Lucas and Cancun, Mexico and an employee stock ownership program. Employees answered questionnaires that addressed such factors as their pride in the company, company encouragement, support and recognition of achievements, and relationships with co-workers and supervisors. SkillStorm received this honor because of the positive opinions of their employees. SkillStorm employees feel that the company is a great place to work because of its fun and rewarding environment, excellent benefits, impressive employee development and recognition programs, involvement of management in their well-being and SkillStorm’s family environment.
